Westside Animal Hospital - Business Guidelines

Effective 9/1/2022

Treatment, Financial, and Vaccination Agreement

I understand every effort will be made to achieve a successful outcome and to provide for all possible safety in hospital care and handling. I hereby authorize the Hospital to receive, prescribe for, treat or perform surgery upon the pet(s) listed within this online form.

The Hospital will provide a written quote for recommended services prior to services being rendered which I as the pet owner must agree to and sign, or services will not be rendered. Furthermore, I agree to pay fees for services quoted, agreed to, and rendered at the time the pet(s) is discharged from the Hospital. I agree to pay 33% of all incurred expenses to cover collection fees in the event that collection efforts become necessary. I understand that veterinary service is provided during the nighttime hours as necessary in the judgment of the veterinarian in charge. Continuous presence of qualified personnel may not be provided.

To help prevent the spread of infectious diseases, ALL hospitalized and boarded animals MUST be current on all vaccinations.

Please proceed back to the online form and select "I have read and understand this policy."
