

**Westside**  
Animal Hospital

**Veterinary Managing Technician**  
**Westside Animal Clinic – Georgia**

*Full-Time | On-site | Privately Owned Practice*

Westside Animal Clinic, a privately owned and community-centered practice in Georgia, is looking for a **Veterinary Managing Technician** to join our growing team.

This is more than just a technician role — we're looking for someone ready to lead. You'll bring a strong work ethic, proven leadership skills, and the desire to grow beyond the traditional technician position.

**About the Role**

As the Managing Technician, you will support our medical team in all aspects of patient care while also helping lead and mentor our talented floor technicians. We have a solid team of skilled techs — now we need someone with the leadership to elevate and organize the team.

You will work closely with the Practice Manager and Chief of Staff to ensure smooth clinic operations, uphold high medical standards, and support the development of less experienced staff.

**Key Responsibilities**

**Patient Care & Medical Support**

- Assist veterinarians in exams, treatments, surgeries, radiology, diagnostics, and patient follow-ups
- Perform lab work, administer medications, collect samples, and monitor patient recovery
- Maintain accurate and up-to-date medical records

**Leadership & Team Management**

- Train and supervise veterinary assistants and support staff
- Oversee clinic flow, manage exam room activity, and support an efficient daily schedule
- Ensure team adherence to clinic policies and procedures
- Provide mentorship and guidance to foster growth within the technician team

## Clinic Operations

- Maintain equipment, inventory, and clean clinical areas
- Support front desk and end-of-day processes as needed
- Direct team during slower periods and ensure productive downtime
- Stay engaged in professional development and continuing education

## Qualifications

- Licensed Veterinary Technician (or eligible to become licensed)
- Minimum of 3 years' experience in a veterinary clinic setting
- Strong leadership qualities and desire to mentor others
- Excellent organizational and communication skills
- Experience with veterinary software (Cornerstone preferred)
- High personal accountability, reliability, and a strong work ethic
- Committed to long-term growth within the veterinary profession

## What Makes Us Different

Westside Animal Clinic is a **privately owned** practice that values team collaboration, ongoing learning, and employee advancement. We're not just looking for someone to fill a role — we're investing in someone who wants to grow and help shape the future of our clinic.

If you're a technician ready to take on a leadership role and make a real impact in a clinic that values your voice and vision, we want to meet you.

**Apply today and take the next step in your veterinary career.**
